CAVS Managed Room Training Cheat Sheet

Enter the room and locate the controller. It will look similar to the picture on the right. It may be black or white. It may be on the wall or on a box.

Push the display button “ON” and push the “PC” button.

Wait a few moments. If you do not see the Windows desktop on the screen, wiggle the mouse or tap the spacebar to wake the computer.

Find the black touch screen on the front podium, tap the screen, and then tap Wisconsin “W.” Then tap “Presentation/Web Conference.” Tap “Computer” to make it blue then tap “Projector.” After a few moments you will see the room PC displayed on the screen.
